## L. & N. FREIGHT TRAINS MEET AND KILL FOUR

### Dispatcher Found Out His Mistake Too Late to Prevent Crash.

### EIGHT PEOPLE WERE BADLY INJURED AND OTHERS MAY DIE AS A RESULT

#### Accident Occurred at Upton, Indiana, Early This Morning.

Evansville, Ind., July 15.—Four were killed and eight injured in a head end collision of freight 79, west bound, and freight 97, east bound, on the Louisville and Nashville railroad at Upton, four miles west of Mt. Vernon, Ind., this morning.

The dispatcher at Mt. Vernon is said to have misunderstood orders and when he saw his mistake telephoned to Upton and tried to have the trains flagged but it was too late. Several freight cars were smashed into smithereens, but the engines are not badly damaged. Three of the dead were recovered and one body is yet in the debris. The dead: John Spradley, 38, tramp, Evansville.

Leonard Price, 25, tramp, Nicholasville, Ky.

THE WEEK'S NEWS IN  
THE COMMERCIAL WORLD.

Bank clearings, \$664,115  
Same week last year, 767,545

The rainy season has hurt the wholesale trade a little, but indications are for an improvement. The better prices for cotton will give business an impetus as much of Paducah's trade is in the south.

Retail trade has been very satisfactory.

Denies the Allegations.

Louisville, Ky., July 15.—The Marion Zinc company, of Paducah, filed an answer this morning with the clerk of the federal court here, denying the allegations in the petition filed sometime ago to force the concern into involuntary bankruptcy. The first paper was filed by DeWitt C. Griffith who claimed that he was a creditor of the company, and that it had committed an act of bankruptcy in allowing another creditor to obtain judgment, preferring him.

In the answer filed this morning, and signed by C. S. Knight, president of the zinc company, it is stated that the concern has committed no act of bankruptcy and that it is not insolvent.

The general manager is in Wickliffe looking for office room and will at once open up and maintain offices there during construction between that point and Mayfield, Ky.

"The company proposes to make Wickliffe a terminal point provided they secure the right-of-way through town to the river, otherwise the terminal will go to Fort Jefferson, about one mile south of Wickliffe.

"The road from that point to Norfolk, Va., will be about 900 miles long and surveys and maps from Wickliffe to Mayfield have been completed and work will probably begin about August 1st.

"Captain Hood Tucker and corps of engineers are at Wickliffe and have begun the survey from that place to a point on Mayfield Creek to connect with the survey completed a few days ago from Fort Jefferson to Mayfield, Kentucky, for the proposed new road. It will run through the richest of farming and mineral land in Kentucky and Tennessee and with this place and Bristol, Tenn., as its terminals."

## 1000 MEN ENGAGE IN A RACE RIOT

### Fierce Assault Results From Arrest of White Man.

Many Heads Cracked, Several Shots  
Fired and Scores of People  
Were Hurt.

TOOK 250 POLICE TO QUELL IT.

New York, July 15.—"San Juan Hill," the district bounded by Amsterdam and West End avenues and Sixty-first and Sixty-third streets was the scene last night of a furious race riot, which required 250 policemen to quell after many shots had been fired and several persons had been seriously injured.

The trouble began shortly after 9 o'clock when a policeman arrested Edward Connelly for attacking Henry Williams, a negro, and was pursued to the station house with his prisoner by a mob of Connelly's friends hurling showers of stones and other missiles. When the station house reserves turned out the whole neighborhood was in an uproar and the blacks engaged in desperate struggles in the streets. Torrents of missiles were hurled from roofs and windows. Within ten minutes not less than a thousand men, boys and women, black and white, were engaged in furious combat.

The small party of police were powerless and reinforcements were summoned. These also were driven back to the station by the mob, and further reinforcements were called.

A force of more than 250 policemen were gathered and attacked the rioters. Squads cleared the roofs of neighboring buildings while others swept the streets of rioters. By 11 o'clock the fighting had ceased.

In all seven whites and two negroes had their injuries attended to by the ambulance surgeons, but scores of others less seriously hurt were taken to their homes by friends. Five whites and six negroes, among them women of both races, almost all of whom bore traces of the conflict with the police were arrested.

Rioting Renewed Today.

New York, July 15.—The race riots broke out again this morning, and a mob of nearly a thousand charged Joseph T. Hobbs, the negro who shot a white man.

The police rescued him after a desperate battle.

A crowd of negroes almost beat another white man to death before the police dispersed them.

## BALL OF FIRE

### SHOT THROUGH MR. CLAUD RUSSELL'S HOME ON CAIRO ROAD.

### Narrowly Escaped Striking Two- Knocked Three Horses Down Under a Tree.

A peculiar freak of lightning is reported by Mrs. Claude Russell, wife of the well known dairyman of the Cairo road.

Yesterday afternoon about 5 o'clock Mrs. Russell and niece, Miss Ewell Ham, of North Sixth street, were sitting in the house when, without any warning, a big ball of fire tore through the house, entering the front door and leaving by the back door, taking a route directly through the hall.

Mrs. Russell and her companion received severe shocks but escaped injury, being seated in a room some distance from the hallway. When the ball of fire left the house it took a course directly towards a bicycle which was left standing under a tree. It was raining in that section and three horses had taken to the tree for shelter. All three were prostrated by the shock and it required some time to restore one, it being apparently dead for several hours.

The steel bicycle seemed to have drawn the lightning bolt and was completely demolished.

A loud hissing noise accompanied the lightning.

## PENALTY SUITS WON BY THE STATE

### May Mean Half a Million to Wisconsin.

Other Suits Similar to These Are  
Still Pending in the  
Courts.

FALSE REPORTS ARE CHARGED

Madison, Wis., July 15.—The state won penalty cases against the Northwestern, Milwaukee, Omaha and Minneapolis, St. Paul and Sault Ste. Marie railroads.

The court finds the state is entitled to recover from each of these roads \$10,000 as these railroads admitted they falsified their reports of gross earnings made to the state for 1902. The state still has an action against these same railroads to recover penalties upon the reports of earnings which they made in 1903.

The state has penalty suits also against the Wisconsin Central road, the Green Bay, the Burlington and the Illinois Central. On the basis of the decision today and on what is known of the reports of the earnings of the roads which have been filed with the state for 1902 and 1903 and upon which these railroads pay license fees for 1903 and 1904, the state would be entitled to recover penalties of \$160,000.

The recoveries of the penalties total in the above amount is only a small amount of what the railroads will be compelled to pay the state. On gross earnings wrongfully withheld they still owe the state 4 per cent upon the total amount of gross earnings, which will amount to more than a half million dollars.

## HOME PURCHASING SUITS FILED TODAY

### Stockholders and Directors Sued for all the Money Collected.

### WILL PROBABLY AMOUNT TO OVER \$50,000, COUNTING TRUST FUND

### W. B. Smith, the Former Banker, is Asked to Dis- gorge About \$25,000.

Suits were today brought in circuit court here to recover from the directors and stockholders of the People's Home Purchasing Co., the thousands of dollars alleged to have been collected from certificate or contract holders and misappropriated by someone.

One of the suits is against the directors for \$30,000 collected from contract holders, which it is alleged should have been set aside as a trust fund for the fulfillment of contracts, and which it is further alleged has been misappropriated by some one. The suit is against the directors individually to make good the amount.

The other suit is against those books show were stockholders, for whatever amount of the concern's capital stock of \$200,000 is necessary to discharge the liabilities of the company.

The style of the first suit is F. G. Rudolph and Cecil Reed, receivers of the People's Home Purchasing Co., against J. S. Bordeaux, W. B. Smith, H. H. Loving, G. D. Palmer, G. R. Davis, C. E. Whitesides, C. M. Martin, W. G. Smith, J. J. Freundlich, L. B. Anderson, P. A. Caddis and J. T. Donovan, alleged to have composed the board of directors of the company.

The petition alleges that the corporation began business without any capital whatever being actually paid in, and did carry on an investment business issuing and selling contracts for which the company receive \$5 monthly. The petition alleges that a total of over 875 contracts were made and a total of more than \$40,000 paid into the treasury. The petitioners allege that the money belonged to the company and out of this \$30,000 should have been set aside as a redemption fund for the redeeming of contracts when they expire, and to be known as a "trust fund" to be held always in reserve.

The petition alleges that the defendants have converted the money to their own use by paying big salaries, attorneys fees, and in other ways illegally disposing of the money to be held in reserve and the petitioners pray judgment against the defendants for the \$30,000.

The other suit filed is against all the stockholders in the concern as shown on the books, and is for the

THE EARTH QUAKED

### At Several Different Points in the State of Maine.

Portland, Me., July 15.—Two slight earthquake shocks were felt here this morning, but no damage is reported. Shocks were also reported at Augusta, Bangor, Lewiston, Rockland and Brunswick.

BOODLER PULLED.

### His Confession Resulted in 400 In- dictments Being Found.

Milwaukee, July 15.—Charged with stealing county furniture and property worth two hundred dollars, Seidel Otto, Jr., executor of deeds, and confessor of graft, whose tales of boodle resulted in one hundred and four indictments, was arrested today.

entire amount of money paid in by contract holders, between \$40,000 and \$80,000.

It was brought by Receivers Rudolph and Reed and alleges that the company is insolvent and unable to discharge its obligations and that the stockholders did not really pay over anything for their stock. The minutes of the board of directors fail to show where any stock was paid for at any time and because of this method of organization the plaintiffs allege that the stock holders are liable for a certain portion of the funds taken in from contract holders.

The sums sued for is prorated as follows among the following defendants named: W. B. Smith, \$25,000; C. M. Martin, \$2,000; G. R. Davis, \$2,000; G. C. Wallace, \$5,000; S. A. Fowler, \$5,000; C. E. Whitesides, \$5,000; L. B. Anderson, \$5,000; Charles Reed, \$1,000; H. H. Loving, \$5,000; C. W. Morrison, \$1,000; G. D. Palmer, \$1,000; J. P. Holt, \$1,000; W. C. Gray, \$2,000; W. C. O'Bryan, \$5,000; L. B. Whitesides, \$1,000; Mrs. Finis S. Wyatt, \$1,000, and B. B. Breeden, \$2,000.

It is understood that the Home Purchasing company is what is known as an "abortive" corporation and that a concern of this kind is similar to a co-partnership, and each member of it is liable for a portion of the liabilities of the concern, whatever the liabilities are.

It is understood that at least some of those sued above have not been associated with the concern in any way, and will show that their names were used without authority, and that when stock was sent to them gratuitously in order to get the use of their names as stockholders or directors, it was sent back as soon as the nature of the concern was ascertained. In some instances as soon as the stock was sent out, it is said, the organizers of the company had literature sent out with names as stockholders or directors of several men who immediately prohibited the use of their names, but not before the desired effect had been secured by the promoters, who had already put out the literature.

Attorneys Crice & Ross and Hendrick, Miller & Marble, of Paducah, and Boynton, of Atlanta, filed the suits.

FOUR DAYS' CHASE.

### Ends in the Lynching of a Negro Brute.

Houston, Tex., July 15.—A mob after following Frank Majors, a negro, four days and nights in the Brazos bottoms, captured him this morning. After whipping the victim they hanged him. Majors assaulted Mrs. Roberts, a bride of a few weeks.

Finds Pot of Counterfeit Money

Danville Ill., July 14.—Deputy United States Marshal D. G. Williams, of this city, has unearthed \$1,308 of counterfeit money on a farm seven miles east of Ridge Farm, a small town in the southern part of this county. The bogus coin was buried in an old tea kettle in the foot of a beech tree in the thick of the woods near the home of Douglas Hays. Eight years ago Hays was tried in Indianapolis on a charge of passing counterfeit money, but was acquitted. The money has been turned over to the secret service authorities. It consisted of \$1,108 in silver counterfeit dollars and \$200 in counterfeit \$20 gold pieces. Deputy Williams got trace of the bogus money through an unsigned letter received by him several months ago.

The unspent ammunition which the Indians failed to bring into use during Thursday's game, was turned loose yesterday afternoon at Wallace park on the Kolbits, and "Count" Bonno was beaten to the banks in great style but it was not Bonno's fault.

The official summary will show the hits even, and the errors separated by a narrow margin, the Indians making more "bobbles," but the errors were what served to be the undoing of "Count" Bonno.

The Indians scored in the first and third innings, and the Hoosiers in the fifth inning.

The Indians got their runs through a base on balls and a double by Taylor, and nearly the identical performance was repeated in the third inning, only Thompson dropped a long fly and permitted two runs to tally.

The Kolbits scored, but it was well earned. Barbour doubled and

#### FORCE OF HABIT.

They got a walking delegate To umpire while they played; He said he'd give it to them straight. But what a mess he made.

Nobody ever got to first—The players were appalled, They said he surely was the worst, For strikes were all he called.—EX

Platt has never pitched against Cairo at Cairo, and when the Indians go to the Egyptian city tomorrow they will put the big twirler up to do the Sunday stunt.

Bonno seemed to have been the drawing card yesterday, the grandstand being filled with ladies. There were five women for every man and over 1,500 fans were out to root the Indians on to victory.

The Indians got one scratch hit and also did the Kolbits, and each team has a double to its credit, both long hits going to the same field.

Taylor made some sensational catches in the field yesterday.

Sunday there will be a double-header between Hoptown and the Alice men.

Roy Gregory, Cairo's new pitcher, was stabbed in the neck Tuesday night by a negro while walking along a street in Cairo. The negro mistook the player for another man. \* \* \* President Brown can't be found. He has evidently tired of his job and hiked to the woods. \* \* \* Zinkins fired Bomar out of the park and the pitcher thanked him. He chased Morgan off the coaching line and Morgan was glad. He threatened to report Long to the president for kicking and Artie invited him to report. It seems that Zinkins had an off day. Poor fellow.—Henderson Gleaner.

The Cairo Telegram "hands" a dose to President Charlie Brown. Umpire Keifer and Paducah in general, but it looks like the allegations are rather hard to substantiate. Here is what the paper prints:

"Cairo and Vincennes have filed a protest against Keifer, charging him with lying, duplicity, acting as agent for a club and being prejudiced in favor of one certain club, all of which are in violation of the constitution. The two clubs declare that Keifer shall not officiate in any games as an umpire in which they individually or collectively are engaged. They further declare they will not admit him to their parks,

and in conclusion ask Secretary Greaney to remove him by virtue of the authority vested in him by Section 10, Article XIII of the constitution. The facts are that Keifer is a pet of Brown's and is a secret service agent of Paducah. Keifer MUST go. President Brown himself has convicted Keifer in his correspondence by remitting many unjust fines that the bum ump. has imposed upon players of teams when engaged in games with Paducah. Keifer won't do and MUST go."

The hard-hitting Mud Wallopers were at it again yesterday. Ten hits off the renowned Carnes is stepping right along. Got one up our sleeve for Wiley Platt when he meanders this way. Have as good as got him beat already. He'd better stay at home as he has in the past when his team has visited here.

Glory! If we can get that bunch from the Alice Men and they then beat Paducah the chances look few for the Indians to win when they drop in here for three days.—Cairo Bulletin.

Witt and Forney, Brahm and Land will be today's batteries.

Napoleon Lajoie's sense of humor is occasionally shown in highly original ways. At the hotel in Chicago where the Nap's stay a unique requirement of the dining room is that the guest shall write his name on the bill of fare after checking off the things he wants. The other morning Larry waited long and patiently for his breakfast. Finally he sent a waiter to the kitchen to bring back the bill of fare upon which he had written his name and added thereto: "Born 1875," still no breakfast. Again the bill of fare was sent for and this time Larry wrote thereon, "Occupation, ball player." "There," said the King, "if this identification is not sufficient to get one chop and a piece of toast bring it back and I'll put down the time I arrived in town and my batting average."—Cleveland Press.

#### Are Seldom Strangers.

When a new player is signed by a league team the fans all wonder what the other team will think of him imagining probably that the other team members had never seen him. In many instances he is an old comrade of some other players in an opposing team, and to illustrate the point take yesterday's game with the Hoosiers.

Gus Bonno was pitching. Bonno last year played with the Charleston, Va., team and among his team mates were Hahn and Cooper, of the Vincennes team, and Eddie Taylor, of the Indians' line-up. Taylor knew Bonno and lined out a double, but Gilligan, for whom Bonno formerly pitched in Urbana, O., couldn't get at the ball, the wily "Count" knowing what it meant if he did. Perry and "Brownie" McClain played with Sidney, O., and at the same time Gilligan was opposing them in Urbana uniform.

All this was several years ago, and since the players have drifted apart, enough to make a whole team could be secured in the Kitty league who formerly worked together, but who are now scattered in other Kitty league teams.

#### Amateur Games.

There will be a city league game at the park tomorrow morning between the L. A. L. and Famous teams. The game will be called at 9:30 and the players, with a two weeks' rest, promise some fine sport.

The batteries will be Block and Andrecht for the L. A. L.; Douglas and Brahm for the Famous.

The Centrals will go to Mound City tomorrow to play the team of that place. The batteries will be Freeman and Block for the Centrals, Eckstone and Seshier, for the Mound City team.

Paducah Wagon Works Building

Sold to Mr. R. W. McKinney.

Attorney A. Y. Martin, acting for Trustee Roy McKinney in the bankruptcy matter of the Paducah Wagon Works Co., this morning at 10 o'clock sold the building and lot at Second and Washington streets at public outcry.

There were many local capitalists present and bidding was lively until \$5,000 was reached. The bidders held back here and after half an hour's work the auctioneer got a bid for \$6,000 from Mr. Roy McKinney individually. The sale was declared made to Mr. McKinney.

The property is appraised at \$9,000 and the liabilities of the bankrupts will amount to \$7,000, which will necessitate the sale of personal property.

## HER SECRET.

SHE.

How did you know I loved you,  
How did you dare to speak?  
Was it my blush that told you?  
See, as my arms enfold you,  
It mantles my dimpled cheek!  
How did you guess my secret,

How did you dare, that night,  
When, behind the palms, you found  
me

To put your arms around me,  
Never asking me whether you  
might?

HE.

I might have guessed by your blush-  
es,  
Or the look that was in your eyes,  
I might have known by your sighing  
That your heart for my love was  
craving.

If I had been worldly wise;  
But I wasn't compelled to guess it,  
And needed no courage to dare;  
I learned from your dear little  
brother

What you had confessed to your  
mother

Before I encountered you there,  
—S. E. Kiser.

HENDERSON CLUB  
TO BE REORGANIZED?

Reported Secretary and Man-  
ager Have Resigned.

\$500 Arrears in Salaries Must Be  
Paid—Patronage in the League  
Said to Be Decreasing.

## SEVERAL TOWNS ARE LOSING

All is not well with the Hender-  
son baseball team, and there is talk  
of the organization of a new stock  
company to take over the present  
holdings, finance the club and finish  
the season, says a Henderson dis-  
patch to the Evansville Journal-  
News. Matters were brought to a  
crisis by the resignation of Secre-  
tary Zimbardo and Manager Kubitz. Ef-  
forts will be made at once to get  
money to make up arrears of \$500 in  
salaries.

Baseball has been profitable here,  
but in other cities in the league it  
has suffered, and the local club has  
had to share losses not its own. With  
the exception of Paducah and Vin-  
cennes none of the clubs are on a  
paying basis, and elsewhere public  
subscriptions have been necessary  
to carry the clubs. Henderson peo-  
ple will probably come to the rescue  
of the club.

For some reason it is claimed that  
interest in baseball has diminished  
all over the league. All the cities  
claim to be losing, the average at-  
tendance being smaller, according to  
report, than during the two preced-  
ing seasons. Despite this a better ar-  
ticle of ball is being offered the fans  
than ever before witnessed in this  
part of the country, and the Kitty  
League has attracted the attention  
of the entire baseball world by the  
fastness of some of its games.

While it is not doubted that the  
people in the various large cities will  
allow their club to drop out of the  
league before the end of the season,  
it seems from reports that there is a  
rocky road ahead for at least some  
of the clubs.

The public may not notice any fall-  
ing off in attendance but players  
who were in the league last year do.  
Gus Bonno's first words after he hit  
Paducah were that the league gen-  
erally was not drawing and he has  
thus far been to only the best draw-  
ing towns in the league.

## THE IMPEACHMENT

Charges Against City Jailor Evitts  
Come Up Monday.

The impeachment charges prefer-  
red against City Jailor Tom Evitts  
were not taken by the board of alder-  
men last night, one alderman being  
away from the city, and it being  
necessary to have a full board, and  
because of the absence of attorney,  
interested in the case.

There were five members present.  
They were President Dick Davis, Al-  
dermen Orme, Durrett, Starks and  
Farley. It was stated that in the  
absence of any member the trial  
should not be gone into and further  
that Attorney W. F. Bradshaw, Sr.,  
who has been employed to conduct  
the prosecution, was unable to be on  
hand because of his mother-in-law's  
death.

The trial was postponed until  
Wednesday night at 7:30 o'clock and  
all witnesses who had been summon-  
ed were recognized to return.

## TRIAL MONDAY

Of Bunk Jones, Charged With Shoot-  
ing Another in Calloway County.

The examining trial of Bunk Jones  
of Calloway county, charged with  
shooting and wounding Andy Lawson  
several weeks ago, will take place  
Monday at Stella, Calloway county  
before Justice Swan. Since the  
shooting Lawson has been suffering  
from his wound and been unable to  
attend the trial.

Attorney Pete Seay, of Mayfield,  
has been engaged to assist in the  
prosecution.

## Theatrical People Married.

nounces the marriage of J. Whit

here, Mr. Brandon as a manager and

## LOST IN THE WOODS

PADUCAH ORGANIZERS FAILED  
TO INSTALL WOODMEN.

Took the Wrong Road at the Fork  
and Kept Going the Wrong  
Way.

District Deputy Organizer Bam-  
berg of the Modern Woodmen of  
America, has a map of the county  
roads and is learning the lay of the  
land, having gone through any-  
thing but a pleasing experience last  
night while attempting to reach  
Massac to organize a lodge.

Organizer Bamberg was, in one  
buggy with Mr. J. H. Fritzuis, and  
following in the second buggy were  
Messrs. R. L. Eley and J. Maloney.  
The organizer undertook to direct  
the course and when Lone Oak was  
reached took the wrong direction.

The party rode three or four miles  
past the fork and began to think  
that Massac ought to show up pretty  
soon. Becoming perplexed at the  
failure to arrive at their destination,  
a farmer was approached and it was  
learned they had taken the wrong  
road.

It was too late then to go to Mas-  
sac and the waiting party at Massac  
who expected to be installed were  
disappointed. The organizing party  
returned to Paducah and will try it  
again next week.

## VERY UNIQUE.

Doctor Up Tennessee River Sends  
Sample of His Carving.

Mr. D. A. Meacham, of The Sun,  
received today from Dr. T. H. Tay-  
lor, of Danville, Tenn., whom he  
met on the "Heads-of-Houses" ex-  
cursion up Tennessee river sometime  
ago, one of the most ingenious carv-  
ings ever seen here. It is of common  
poplar and at first glance seems to  
be a pair of wooden "pliers" or  
tongs. The handles may be opened  
out, however, until there are three  
of four branches in all, the whole  
thing being carved from one piece  
of wood, and having fifteen or more  
divisions or branches.

## PAY CAR HERE.

o'clock and all employees are being

This is the second time within  
three months that the pay car has  
been here on Saturday and because  
of the railroad trade coming in with  
the regular Saturday night rush the  
merchants will be rushed tonight to  
handle the increased business.

The car will go south from Padu-  
cah and go to Louisville after the  
southern limit is reached.

## VACATION.

For Your Summer Outing

Allow us to suggest Colorado and Utah, famous the world  
over for their cool and invigorating climate, magnificent  
mountain scenery and picturesque summer resorts, which are  
located along the line of the Denver and Rio Grande, "The  
Scenic Line of the World." Very low excursion rates and  
"Circle" tour tickets are on sale during the summer months  
via these lines to all the principal points of interest. The  
Denver and Rio Grande, with its numerous branches pen-  
etrating the great states of Colorado and Utah have some forty  
different "Circle" tours through the Rocky mountains, one of  
which in particular is the famous 1,000-mile tour for \$28.00,  
which comprises more noted scenery than any similar trip in  
the world, passing the following points of interest: La Veta  
Pass, Poncha Pass, Toltec Gorge, Indian reservations, Du-  
rango, Mancos Canon, Rico, Lizard Head Pass, Las Animas  
Canon, Silverton, Ouray, Cimarron Canon, Black Canon of  
the Gunnison, Marshall Pass and the Royal Gorge. This  
trip can be comfortably made in five days, but at least ten  
days should be devoted to it, so that one may view at leisure  
the principal sights. Tickets at very low rates are also on  
sale at Salt Lake City, Utah. If you contemplate a trip  
through Colorado or Utah, let us send you some beautifully  
illustrated booklets free.

## A GOOD THING.

Supt. Young Taylor Says Money  
Can Be Saved by Caulkers  
Spinning Oakum.

Supt. Young Taylor of the Padu-  
cah Dry Docks Co., stated this morn-  
ing that he could make 75 cents a  
bale for those who contract for re-  
pair work on their floating property,  
by the caulkers spinning their own  
oakum.

He stated that he had several do-  
zen bales of oakum spun but in-  
structed several caulkers to go to  
spinning. While the caulkers were  
unaware of it, the superintendent  
was timing them and finds that he  
profits by the caulkers spinning the  
oakum instead of having boys to do  
it.

Supt. Taylor stated that he signed  
the agreement with the under-

standing that if the other firms did  
not come in, he could withdraw and  
that the caulkers would hold no ill  
feeling towards him. He specified 15  
days but is leaving the matter open  
to give the other firms a chance to  
come in.

One Born With a Head Like That of  
an Elephant.

Mr. Stevenson, of Little's addition,  
reports the birth of a litter of 15  
pigs yesterday on his place, one of  
which had snout and ears shaped  
as an elephant's, and had only one  
eye, this being in the roof of its  
mouth. The freak is now in alcohol  
and many people have looked at it.

## Daily Thought.

"Everything is possible to the man who knows how."

**REAL PROGRESSIVE SPIRIT.**  
The observations yesterday of "Alexis" are worthy of earnest consideration. Paducah does not desire, and cannot afford to lag. We must work. Nothing much comes to the city whose people sit supinely by and say of men, industries and institutions that desire to locate, "Oh, if they want to come they'll come, so what's the use in worrying?"

Paducah does not want to follow in Cairo's footsteps. Down there recently they had a monster demonstration in favor of a "Greater Cairo." Yesterday's Citizen says:

There is a firm conviction fastening itself upon many citizens that the Greater Cairo movement was all talk, indulged in for electioneering purposes. Events that don't transpire would seem to furnish reasonable grounds for such suspicion. There is no desire to do an injustice to anyone—men's intentions may have been good; at that time they may have thought they would "do things"—but, there's another thought coming, just at this juncture of time. "Good intentions" don't improve a city. The road to a certain place is paved with that kind of thing.

Many cities, especially the growing ones, find in certain classes of citizens the greatest obstacles to growth and progress. Owensboro cites an instance and the Messenger says:

Certain business men are attempting to prevent the building of a union depot in Owensboro. They are opposed to the union station because it will remove the depot of the Illinois Central from that part of the city in which their business houses are located. Persons going to and from trains will not pass their doors, and thus a few nickels that go into their tills will be spent with other merchants or remain in the pockets of the patrons of the railroad. Their opposition is begotten of self-interest—a sentiment existing in all humankind. Taking into consideration the proneness of men to sacrifice all things else to personal gain, it would probably be harsh judgment to condemn these men for wanting all the trade they can get and employing any legitimate means of securing or retaining it.

But there is a manner of sacrifice of personal profits to the general good, sometimes actually practiced and universally

preached. Without any intention of unduly influencing these east end business men, we would commend to them this manner of looking at the matter. In the increased commercial importance of the city the temporarily lost trade would be as bread cast upon the waters which shall return after many days. In any event, Owensboro is going to have a union depot.

That is a very nice, delicate way to put it. Men are by nature selfish, but oftentimes their selfishness smacks of the "pennywise, pound foolish." In trying to benefit themselves in a small way they are often injuring their interests in a large way. What we need along with a progressive spirit is a far-sighted one. We need more men who realize that in building up the town we are helping every man's business. Although there may be a direct loss for some, the indirect gain to all which in the long run usually exceeds all loss to everybody, is most to be considered.

Let every man put his shoulder to the wheel.

Henry Youtsey, who says since he got into the penitentiary for life, that he was in a conspiracy to kill the late Senator Goebel, and who is certainly a self-confessed perjurer, if nothing worse, is out in a diatribe against former Governor Taylor, asking why the latter doesn't return to Kentucky "now that he is certain that Powers will have a fair trial." It was not generally known that a fair trial for Powers is by any means certain yet, as the matter is still in the courts. Youtsey indicates that he himself, as much wrapped up in the "powers that be" in Kentucky as he has been since he found himself a life prisoner with no hope of freedom except through the men whose tool he has become, is not certain that Powers is to have a fair trial, by the following eloquent peroration: "I fail to see any comfort for Powers in Judge Cochran's decision, as nearly all the cases he cites were remanded to the state courts, but if he has the right of freedom then the 2,000 prisoners here at Eddyville have the right to liberty, state courts should be swept away, both penitentiaries razed to the ground, and penal institutions in Kentucky be a thing of the past." This indicates, besides, that Youtsey is being kept pretty well posted on court decisions by someone. But why should he complain? He has "got all that was coming to him," if his own statements are to be credited, and should be satisfied.

The Kentucky railroad commission has decided that express companies are common carriers similar to railroads, and that the board has authority to regulate their rates. It would be a difficult undertaking to predict what the politicians of the state will undertake to run next.

The fact that Gov. Beckham was to umpire a game of baseball gave rise to the report that he had been shot. Most people would prefer being shot to umpiring a ball game, anyway, which may fully account for the startling rumor.

President Morton, of the Eclectic, denies that Chauncey Dewey has resigned that \$25,000 job, but Chauncey says he has. Chauncey is a smooth boy not to give them a chance to kick him out.

**Sues For \$5,000 Damages.**  
A suit was filed in circuit court this morning by Emma Rose against the Paducah City Railway Co. for \$5,000 damages for personal injuries. In the petition she alleges that while stepping off a car near 12th and Madison on March 25, a trolley rope caught her feet and the car started up, dragging her a great distance and badly injuring her.

## SPEAKING BEGINS IN SENATOR'S RACE

Ballard and Carlisle Counties Will be First.

Senator J. Wheeler Campbell Has No Opponent But Will Address the Voters.

HE IS NOW IN FRANKFORT

Senator J. Wheeler Campbell has announced a list of speakings for Ballard and Carlisle counties, beginning at Wickliffe Monday, July 17, and ending up in Carlisle county August 8. Senator Campbell thus far has no opponent for the Democratic senatorial nomination and no announcement is made of speakings in McCracken county.

Senator Campbell will be accompanied on his tour by James H. Wyatt, J. T. Davis and W. T. White, candidates for the Democratic nomination for representative from Ballard and Carlisle counties.

Senator Campbell is one of the few men in politics who do not allow the railroads or other corporations to show them any favors which may obligate them.

Senator Campbell has been offered mileage over many roads, simply as a matter of courtesy on the part of the roads, but he has refused them all, saying that he appreciated the offer very much but would rather not accept and he didn't.

Yesterday's Frankfort State Journal says:

"Senator J. Wheeler Campbell, of Paducah, is in the city arranging some details concerning the state encampment with Governor Beckham and Adjutant General Haley. During his stay here he is the guest of the governor."

"Senator Campbell was elected two years ago to fill out the unexpired term of Hon. McD. Ferguson, who was elected state railroad commissioner. On tomorrow Senator Campbell will be declared the nominee for re-election, no opposition having developed."

"There was not a more conscientious or hardworking member of the last legislature, and his many admiring friends will be glad to see him in the next body."

## TURNED ON WATER

AFTER COMPANY HAD SHUT IT OFF—COST HIM \$5.

It is a Pioneer Case—Mrs. Rose Must Dispense With a Vicious Dog.

H. A. Hamby, a carpenter who conducts a shop on South Fourth street and was granted a license to preach by the recent conference, was fined \$5 and costs in police court this morning on pleading guilty to a charge of breach of ordinance.

Hamby had not paid his last quarter water rent and the water was shut off by the company. Hamby went to a blacksmith shop and had a long key made. He turned the water on again and Mr. Muscoe Burnett, superintendent of the water company, had him warranted.

Attorney Hal Corbett represented the water company and stated that the company did not want to work a hardship on Hamby by a heavy fine, but had to prosecute such cases or some people might finally ruin the service. It is the first case of its kind ever tried here.

A Mrs. Rose who resides at No. 9 Jacob's Row, must get rid of a vicious dog or pay fines daily until her capital is eaten up. This decision was handed down in very forcible terms by Police Judge D. L. Sanders this morning when Mrs. Rose was arraigned for harboring a vicious dog and failing to pay license on it.

It seems that the dog has bitten several persons and is very vicious. The neighbors and persons having business in that vicinity dread to go about the house, and, although Mrs. Rose paid her license, the court assessed a fine of \$5 and costs for harboring the dog and announces that she "must get rid of it," or he would issue warrants daily against her. He stated that he would issue one tonight if she failed to get rid of the canine today.

There were a number of other cases in Judge Sanders' court today, as follows:

Lewis White and Robert Turley, colored boys about 10 and 13 years of age, charged with holding Horace Brown, a boy of about 7 years, while Gus Wright, a boy about 5 years, "pecked him in the head with a rock." The evidence was very amusing and at the conclusion the warrant was dismissed.

Robert Boswell, contractor, was dismissed of a charge of blocking the pavements without a warning light.

Herman Karnes, white, was dismissed of the charge of gaming, but Clyde Matthews and James Graham were fined \$20 and costs. They will be given an opportunity to reverse the decision Monday, they failing to appear in court this morning.

Oscar Turner and John Bethel, white, breach of the peace, dismissed as to Turner and continued as to Bethel; Robert Maloney, white, drunkenness, \$1 and costs; Will Hamilton, white, drunkenness, \$5 and costs; Wm. South and Arthur Gregory, white, breach of the peace, continued; Ward Wicks, white, charged with making improper proposals to Ella Burton, continued.

## IN THE COURTS

### Case Compromised.

James Vlaholeas, who conducts two confectionery stands, one near Second street and the other near Third street on Broadway, has made a compromise with Mr. Geo. C. Wallace agent, who attempted to eject him from the lower building, at 211 Broadway, in a magistrate's court. Michaelson Bros. desire to lease the building and signed up but Vlaholeas held an unexpired lease and would not vacate. A compromise was effected, Mr. Wallace paying \$200.

### Offers \$20 Reward.

Manager J. D. Elmore, of the Western Union Telegraph Co., has offered a reward for the identification of the person who broke the alarm box glass at the Hiram Blow factory Saturday a week ago today and turned in an alarm over the private system of the telegraph company. The fire departments made an unnecessary run and Chief Wood recently took the matter up with Manager Elmore in pursuit to instructions from the board of fire and police commissioners. Manager Elmore has promised to investigate the case and offers a reward of \$20 for the identification of the guilty person.

### Suit Over Trusteeship.

Circuit Judge Wm. Reed has returned from Benton after hearing an injunction suit brought by Henry Gregory and R. T. J. Williams against C. R. Sellers and J. L. Smith. ### Injunction Suit Wednesday.

The injunction suit of Wilson Finch against the Draughton Practical Business College in which the young man seeks to be reinstated in the school filed two days ago, has been set for trial Wednesday.

### Postal Order Swindlers.

Warnings are being sent out from various parts of Kentucky and other states of swindlers who seem to be reaping a rich harvest by raising postal money orders. Hotels seem to be the main sufferers. None has been reported in Paducah. A good way to guard against such swindlers is to never cash a postoffice order for a stranger without ringing up the post-office.

### Case of Mistaken Identity.

Henrietta Thomas, of near the old barracks, caused a warrant to be issued against a well-known young railroad fireman yesterday afternoon alleging that he stole \$75 from her. The detectives were put to work on the case and learned that the woman's son had taken the money from a trunk. He returned the cash and the warrant was then dismissed.

### Master Commissioner's Sale.

Master Commissioner Cecil Reed this morning held a sale at the court house.

Household goods in the case of Rhodes-Burford Co. against May Crockett were sold the entire lot being sold to Attorney W. A. Berry for \$115. The estimated value of the property is \$600.

In the case of Sudie Sullivan against C. E. Gridley twenty-six and a quarter shares of stock in the Driskill Post Hole Auger Co., were sold to D. G. Park for \$360.

### Appointed Administrator.

G. C. Finley has been appointed administrator of the estate of J. M. Finley.

### Taken to Smithland.

Sheriff Pat Bush, of Smithland, Livingston county, came to Paducah this morning after Bell Watson, white, the young girl who was arrested here for carrying a concealed weapon. She is wanted to answer for complicity in an arson charge. The Watson girl came here from Livingston county and it was not known that she was wanted for any crime. Sheriff Bush saw through the papers that she was under arrest and she was turned over to the Livingston officer.

WATTS BOULEVARD is the most elevated street in the city limits—level and straight—without cut or fill for about two miles, and runs through the center of the future population of "GREATER PADUCAH," district—high and well drained—A late canvass showed that between with fine old forest trees and natural Worthen's addition—W. ### CAIRO MERCHANTS NEATLY FLEECE

Two Crooks Worked a Number of Men There This Week.

Gave Their Names as J. W. Parks and George Clark, and Came From Paducah.

GOT AWAY WITH THE GOODS.

Two wily confidence men have been victimizing hotel keepers and livery men in Cairo the past few days, says the Cairo Telegram. They arrived here July 7 from Paducah. The men gave their names as J. W. Parks and George E. Clark, and represented themselves to be salesmen for a dry goods house. Their scheme was to borrow money on goods which they claimed was in the express office consigned to them, and although their story was flimsy, so strong was their hypnotic influence that a number of level-headed business men swallowed the bait and contributed the coin.

Parks is described as follows: Age about 36 years, weight 165 pounds, height 5 feet, 5 inches, red hair, blue eyes, florid complexion, beardless. He wore a dark suit of clothes and a straw hat. Clark's description is as follows: Age about 40 years, weight 155 pounds, height 5 feet, 5 1/2 inches, dark hair, gray eyes. He wore dark clothes and a soft black hat.

## GREAT DAMAGE TO ALL THE CROPS

Wheat, Corn and Tobacco Wash  
ed Out of Fields.

Interesting Comment of the Western  
Tobacco Journal On Kentucky  
Crop Conditions.

### RAIN IS THE ONLY MENACE.

The drift of our correspondence the past week shows that while heavy rains fell very generally early in the week, doing damage and loss to plants in low lands, the crop otherwise has not been injured, but is growing off well, says the Western Tobacco Journal.

From Henderson, Ky., we learn that great damage was done to isolated places in the country, where very heavy downpours washed wheat corn and in some cases tobacco completely out of some fields, but otherwise the growing crop, generally speaking, looks well and is doing well under the drying winds and cool weather for the most of the week.

Some thirty or forty loads of tobacco came to market, the most being in dry and sound order, which were disposed of at prices from one-half to one cent less than some time ago. The Growers' Association in Henderson has quit receiving any more tobacco for this season.

From Owensboro, Ky., we learn that the balance of the 1904 crop has been marketed, with sales of fully one hundred loads last week, without change in price or different buyers. The Gallaher company has quit buying for the season and is now prizing what it bought. It is estimated that the Society of Equity will receive about 3,000,000 pounds in Owensboro this season.

The Growers' Association held a meeting in Owensboro last week, at which reports from different places were announced concerning the condition and size of the crop planted, and the re-election of officers of the company. A motion was made to hold their next meeting with closed doors, but on the president, Mr. Dunn, saying he would consider all business brought before such a meeting as wrong and against the rules of the society, the matter was dropped. The crop planted this year will be about the same as last.

### PREFERS WATER.

Kansas Governor Does Not Like  
Champagne as a Christening  
Fluid.

Topeka, Kans., July 14.—Gov. Hoch has asked the builders of the battleship Kansas, the date of whose launching has been fixed for Aug. 12 to postpone the event a few days, in order that he may be present. Miss Anna Hoch, the governor's daughter, has been selected as sponsor for the ship.

"My preference," said Governor Hoch, "is that the ship shall be christened with water. If the matter is left to me, I shall certainly rule that only water be used. If, however, it is the custom of the navy department to christen the boat otherwise, and it has the say in the matter, then, of course, I shall be guided by the department's suggestion."

## KENTUCKY NEWSLETS

Old Soldier Seriously Ill.  
Central City, Ky., July 15.—Jas. M. Yonts, a pioneer citizen of Central City, a prominent man of the town and an old Confederate soldier, lies critically ill at his home, of a complication of diseases. His age, 60 years, and his weakened condition from a recent attack of fever, prevent an operation, the only relief for his ailment.

### Declared Legally Dead.

Louisville, Ky., July 15.—Judge Kirby has decided that Reuben Hemingray is legally dead and that Lida Hemingray is entitled to the rights and status of a single woman. The case involves one of the most mysterious disappearances ever known here. In September 1895, Hemingray, a prominent tobacco man, went to Chicago on business. One letter was received by his wife announcing his safe arrival. Since then not a word has been heard from him and no trace has ever been found. As he has been missing more than seven years, the law presumes him dead. Mrs. Hemingray in her petition set forth that their married life was ideally happy; that her husband was in comfortable circumstances, and that she is convinced he met foul play. She wanted the status of a single woman for business reasons.

### Blacksmith Won.

Louisville, Ky., July 15.—Blacksmith Patrick Kirley has forced the county of Jefferson to come to his terms and pay him \$4,000 for his lease on a one-story shack which he occupied as a blacksmith shop. It is on the site of the new armory which the county bought without taking into consideration Kirley's lease. It tried every way to evict him or force him to take a smaller consideration, but Kirley stood firm for \$4,000, and got it.

### Fought With Knives.

Louisville, Ky., July 15.—Nunzio Corso, proprietor of a saloon and fruit stores and one of the wealthiest Italians in the city, and his nephew Andrew Hare, fought with knives in one of Corso's stores at Second and Jefferson over a family trouble. Corso stabbed the young man several times in the body and he is expected to die. Corso, who was slightly hurt, was arrested.

### Child Killed by a Mule.

Henderson, Ky., July 15.—Thornton, the ten-year-old son of Circuit Clerk Moseley, was killed by a mule near Cairo. The child was standing in a buggy drawn by a mule, and in order to make the animal go faster whipped it. The mule kicked, but the hoof barely grazed the skin, not even making an abrasion. The force of the kick, however, was communicated from the jawbone to the base of the skull, causing a fracture of the skull and concussion of the brain. The child leaped from the buggy and ran a short distance, when he sank to the ground dead.

### Big Crowd at Picnic.

Fulton, Ky., July 15.—The largest crowd that ever attended a basket picnic and barbecue in this vicinity was present at the Woodmen of the World picnic.

### Married at Fulton.

Fulton, Ky., July 15.—John Fuller and Miss Laura Rosenkranz were married here at the home of the bride's sister, Mrs. J. A. Woods. The ceremony was performed by the Rev. Hamp McLeskey, of the Cumberland Presbyterian church.

### Death at Fulton.

Fulton, Ky., July 15.—Mr. Luby Gates, aged about 23 years, died here after a year's illness of consumption. Until about a year ago he was a baggage master, running on the Illinois Central railroad. He was forced to resign on account of ill health and acting upon the advice of his physician, went to Texas. About six weeks ago he came home, the change of climate having failed to give the desired relief. Mr. Gates was a son of Mr. Tom Gates.

### Died at 105.

Hopkinsville, Ky., July 15.—Rachel Barksdale, colored, died in Gainesville, a suburb of this city, aged 105 years. She was born in Louisa county, Virginia, March, 1800, and was brought to this country when a child.

A Washington dispatch says: "Lieut.-Col. Ruffner of the Engineer Corps has sent to the war department his report on the work of improving the Kentucky river for the fiscal year ending June 30, 1905. It shows that the river is now navigable to Lock No. 9, near Valley View, Ky., 157.2 miles from the Ohio river. Col. Ruffner asks for an additional appropriation of \$91,000, which he thinks can be profitably expended in the further improvement of the river during the next fiscal year. The amount spent during last year was \$186,442.65. The amount available for the improvement of the

Kentucky on July 1, 1905, was \$321,795.20. Ten locks and dams have been opened on this river to navigation, giving 200 miles of slack-water navigation in the system."

The Pittsburg Post says: "The long, tedious journey of the government snag boat E. W. Woodruff up the Ohio river will be ended today when she arrives at Pittsburg after one of the busiest seasons experienced since the boat was put to work several years ago. Hundreds of snags have been taken out of the Ohio river during her trip, which has consumed several months. A number of sunken barges at lock No. 3, near Legionville, kept the Woodruff busy all day yesterday, but last evening they were nearly all cleared out. The boat is in charge of Capt. Christian, a man well-experienced in work of this kind. During the past year there have been many wrecks between Pittsburg and Beaver, nearly a score of barges and coal boats being grounded. The Woodruff will have some heavy work near Merriman, which has been the scene of numerous accidents. A list of every snag removed is being kept by the officers of the Woodruff, and this list will be printed when the work is finished for the year. By this means boats and other rivermen are kept informed regarding all obstructions."
